## Newark-on-Trent

### NEWARK CASTLE

Roughly 7 miles from us. Newark is a very pleasant market town with a beautiful cobbled market square and three colourful markets a week. As well as that you can climb the church to get a breathtaking birds eye view of the town and surrounding areas which on the right day is not to be missed.

The castle is undoubtedly worth a visit with its superbly kept grounds and its beautiful walls, it's the perfect place for a picnic on a sunny afternoon or after a stroll down one of the many lovely river walks. If its the river that interests you there are river cruises that run daily from the town that last just over an hour and a half.
